## SEA ENGAGEMENTS

The Shore Batteries at Port Arthur Opened Fire on Japanese Torpedo Boats.

## JAPS RETIRED TOWARD SHANDRIN

Later the Japanese Began Firing Up on the Russian Cruisers and the Fortress at Long Range.

They Had 14 Ships and Fired the Entire Time From Behind Liao Tishin—No Damage Is Reported to Russians.

St. Petersburg, March 11.—The czar has received the following message from Viceroy Alexieff, dated Mukden, March 10:

"The commandant of the fortress at Port Arthur reports that about 1 o'clock this morning the outlines of vessels, apparently torpedo boats, were seen at sea, within the area swept by our searchlights. Our batteries opened fire upon these vessels. Our torpedo boats put out to sea at 2:40 a.m. and at about 4 o'clock met the enemy west of the Liao Tishin lighthouse. After firing several shots the enemy retired to the south in the direction of Shan Dun. Our torpedo boats returned to the harbor at 6 o'clock."

"Later torpedo boats were again sent to reconnoiter. They returned in half an hour, having learned that the enemy's squadron was approaching.

"At 8 o'clock the Japanese opened fire upon our cruisers and the fortress. The enemy had 14 ships and fired the entire time from behind Liao Tishin at long range.

"I have the honor to report the foregoing to your majesty. Alexieff."

Tokio, March 11.—Russian and Japanese mounted scouts met north of Ping Yang Wednesday. After a brief engagement the Russians retreated. No casualties are reported on either side.

Tokio, March 11.—The report of Vice Adm. Kamimura, in command of the Vladivostok naval expedition, reached the navy department here early Thursday morning. It evidently came by way of Gensan, where the squadron was expected to call upon its return. The report throws little additional light upon the movement, except it seems to show that the Russian squadron remained safely within Vladivostok harbor under the protection of the shore batteries. Adm. Kamimura says that he bombarded the harbor for 45 minutes and believes the fire was very effective. At 5 o'clock on Sunday last the Japanese discerned heavy volumes of smoke ascending over the eastern mouth of the harbor and it was thought for a time that the Russians were getting steam up to come out and give battle, which was eagerly awaited, but the smoke gradually died away with no appearance of any of the Russian ships. The Japanese ships searched the surrounding bays until noon on Monday, when they again steamed back to the eastern entrance of Vladivostok harbor. The forts there did not fire at the approaching ships and no trace was found of the Russian squadron. Adm. Kamimura then steamed south, reconnoitering Possiet bay and other inlets at that vicinity, but found no trace of the Russians. Adm. Kamimura does not mention in his report anything concerning Russian operations in the vicinity of Possiet bay or the Tumen river.

## THE ATLANTIC FLEETS.

Thirteen American Vessels Are Now at Pensacola, Fla.

Pensacola, Fla., March 11.—The combined fleet was augmented by the arrival here Thursday of the cruisers Atlanta and Nashville and the gunboat Bancroft, which came from Guantamano, joining the vessels of the coast, South Atlantic and North Atlantic fleets, making a total of 13 war vessels of various types now in port and at target practice off Santa Rosa island. The Newark, Detroit and Montgomery were engaged during Thursday in practice with their large caliber guns, several hundred shots being fired.

## To Arrange For National Convention.

St. Louis, March 11.—A meeting of sub-committee, national democratic committee, in charge of arrangements for the national convention at the Coliseum in July, and the local committee on arrangements will be held March 21.

## Two Men Frozen to Death.

Pryor Creek, I. T., March 11.—The bodies of Ernest Bratcher and William Atkins, farmers, were found at the foot of Osage mountain near their homes. It is supposed that during a blizzard they were frozen to death.

## THE GENERAL ASSEMBLY.

A Bill Passed That Will Cost the State \$30,000.

Frankfort, March 11.—Senate—The house bill providing that missing copies of Kentucky reports in the circuit, county and federal clerks' offices be furnished and paid for by the state received 18 votes to 16 against it, and was declared passed. It was asserted that this bill will cost the state \$30,000 if not vetoed by the governor. The house bill appropriating \$22,000 for improvements at the deaf and dumb institute at Danville passed. House bill No. 246, to prohibit the killing of rabbits and squirrels with the gun from September 15 to November 15 each year, intended to protect quail from hunters who go out to kill rabbits and instead kill birds before the open season begins, passed, 18 to 13. Rabbits and squirrels may be snared of caught with dogs during that period, however. The bill to fix a special penalty for selling or buying registration certificates was postponed till Monday, which it is.

House—Bills passed: Taking the control of the printing for the appellate court reports from the state printing board and placing it in the hands of the judges of the court of appeals, with power to make contracts and revoke any contracts where its provisions have been violated; making adultery the only ground for divorce; that the state shall replace copies of the Kentucky Reports and certain other books belonging to any county, when said books are destroyed by fire; removing the license tax from mineral water. Bill No. 193, which proposed to raise the salaries of the state prison guards from \$65 to \$75 a month, was called up. Mr. Oliver offered an amendment, raising the salary of the deputy wardens from \$1,200 to \$1,500 a year. This was defeated.

## THE BOATNER TRIAL.

Defendant Is Charged with Complicity in Embezzling \$28,000.

Hartford, Ky., March 11.—The spring term of the Ohio circuit is now in session here, with Judge T. H. Birchard on the bench. The first case on trial is that of J. W. Boatner, charged with receiving embezzled money.

The case grew out of the sensational express episode in Fordsville, this county, two years ago. Boatner claimed to have sent \$28,000 from Owensboro to Fordsville by express. A. B. Schlitzbaum, the railroad agent at Fordsville, claimed that he was held up and robbed of Boatner's package and funds of the Illinois Central Railroad Co. He was given one year in the penitentiary.

It is charged in the indictment that he gave the money to Boatner. There are about 40 witnesses to be examined. The case is an important one, as it will set a precedent as to the safety of sending money by express.

## Man Shot By a Woman.

Owingsville, Ky., March 11.—On Indian creek, Menifee county, James Patrick, it is alleged, was perhaps fatally shot by Mrs. Taylor Ingram. Patrick entered her home and, it is claimed, made improper proposals. He left, but later returned and attempted to enter the house, when, it is claimed, Mrs. Ingram fired on him with a shotgun, the charge taking effect in his side and thigh. Mrs. Ingram was not arrested.

## How to Identify Him.

Owensboro, Ky., March 11.—To identify me, telegraph No. 53,734, Boston, Mass. They will care for me." This is the remarkable entry found in the notebook of a man who had lived under the name of George L. Gray, and who died in the city hospital Thursday morning.

## Sale of Light Harness Horses.

Lexington, Ky., March 11.—The first good sale of light harness horses was consummated by the purchase of five head of youngsters, the get of Jay McGregor, by Connelly & McLain, of Kingman county, Kan., from W. L. Spears, of this city. Price private.

## Lumbermen Are Jubilant.

Barbourville, Ky., March 11.—Lumber men in the mountains are jubilant over the prospects of getting out so many logs. The recent rains have caused a good tide in all the mountain streams, and all the logs along the water courses will be set adrift.

## Farmer Died From His Injuries.

Hopkinsville, Ky., March 11.—Dink Stephens, a Trigg county farmer, died at his home near Caledonia. While driving into his stable on a load of baled hay he was caught between the top of the door and his wagon and his chest was crushed.

## Fatal Saloon Row.

Williamstown, Ky., March 11.—Ed Garrett, a mulatto, was killed in a row here and George Woodhead is held in jail for the crime. The owner of the saloon, Jack Reddy, was shot by Garrett. Reddy's injuries are not fatal.

## THE PHILIPPINES.

Secretary of War Taft is Making an Effort to Develop the Islands.

## CONSULTS WITH CAPITALISTS.

After Information For Use in Framing Laws Regarding Franchises, Giving Commission Further Powers.

The Secretary Will Make a Report of the Result of the Conference to the Congressional Committee on Saturday Next.

New York, March 11.—William H. Taft, secretary of war, came here Thursday and had a prolonged conference with several men prominent in railroad and financial matters, including Sir William C. Van Horne, chairman of the board of the Canadian Pacific railroad; Vice President Turnbull, of the Guarantee Trust Co.; E. H. Harrison, president of the Union and Southern Pacific railroads; George Peabody, Landon W. Bates, Milner Green, a railroad builder; J. Gilbert Smith, who is now building electric railroads in Manila; Col. Edwards, chief of the bureau of insular affairs; James Speyer and Charles H. Tweed, of Speyer & Co.

After the conference Secretary Taft said that it had been called to consider the possibilities of steam and electric railroad development in the Philippines, that no other enterprises were discussed and that no conclusion had been reached.

"These gentlemen," said the secretary, "have been here at my invitation to talk over the conditions which may attract capital to the Philippines. We want to get capital to go over there and help to develop the islands."

Asked what was the disposition of the capitalists he had seen, the secretary laughingly replied:

"Well, I must say they are not biting quite as hard as we would like. Still, some of them have displayed interest."

He admitted that the purpose of the conference was to get information for use in framing laws regarding franchises which would give the Philippine commission further powers, looking to the proper development of the islands. "This information we have been getting to-day is to be used in drafting the bills that may be put before congress," he said.

Asked if the matter of liberality of concession would be considered in connection with the proposed legislation, he replied that this would have a great deal to do with it, but added that there was, of course, a disposition on the part of the administration to make as good terms as could be obtained. There was actually no desire to make the concessions too liberal. "It is our idea," said he, "to get capital to the Philippines without giving up everything."

"While to-day's conference was limited to the subject of railroads," said the secretary, "it is not the intention to limit development in the Philippines to these industries. It was first the intention to confer on steamship routes and lines, too, but it was decided not to do this to-day."

Mr. Taft will make a report to the committee next Saturday.

## THE SMOOTH INVESTIGATION.

An Interesting An Important Feature Was Brought Out.

Washington, March 11.—One of the most interesting and important features of the investigation of the Senator Reed Smoot case before the senate committee on privileges and elections was brought out Thursday in the testimony of E. B. Critchlow, formerly an assistant United States attorney in Utah, who told the story of the Moses Thatcher episode. According to his version, which was born out by official records, Apostle Thatcher persisted in continuing as a candidate for the United States senate against the wishes of a quorum of the apostles, and on that account was held to be "Not in harmony with his quorum." The history of the campaign he made against the wishes of his fellow Mormons, of his defeat and his subsequent trial before a committee of church officials was given in detail and then Thatcher's submission to the will of the church was read and put in the record of the Smoot investigation.

Lancaster, Ky., March 11.—Dr. G. A. Taylor, of Bryantsville, this county, dropped dead while visiting a patient. He was about 70 years of age and the oldest physician in the county. He was never married.

Frankfort, Ky., March 11.—Gov. Beckham has signed the bill known as the Louisville "riper bill," giving the mayor of Louisville the authority to appoint and remove

## IN THE CONGRESS.

Senate Passed a Number of Bills Relating to Alaska.

Washington, March 11.—Senate—The senate Thursday passed a number of bills relating to Alaska but failed to act on the measure authorizing the election of a delegate in congress from that territory. Mr. Platt (Ct) opposed the bill, and because of his opposition and his desire for time for discussion, it was not pressed. The Alaskan bills passed included those for the improvement of roads, the maintenance of schools, the appointment of an additional judge and the extension of the coal laws to the territory. Several other bills were passed, including one increasing to \$100 the pensions of ex-soldiers who have become totally blind on account of service. The death of Representative Croft, of South Carolina, was announced, a committee appointed to attend the funeral and as a mark of respect the senate adjourned at 4:42.

House—The death of Representative Croft, of South Carolina, was announced. A committee was appointed to attend the funeral, and out of respect to his memory the house adjourned.

## WIND AND SNOW STORM.

All Railway Traffic at Houghton, Mich., Is Tied Up.

Houghton, Mich., March 11.—A furious wind and snow storm has raged here for nearly 24 hours, tying up the steam and electric roads almost completely. Not a wheel has turned in or out of Houghton since 3 o'clock Thursday morning, when a freight train left eastbound with three engines. The freight was stalled about six miles from town, blocking the incoming passenger train.

The morning passenger train from Calumet, due at Houghton at 9 o'clock, has been in the snow banks at Swedetown, three miles out of Hancock, all day with two engines. The wind is blowing 34 miles per hour with a heavy fall of snow. Interurban street car service has been suspended.

Marquette, Mich., March 11.—A fierce blizzard was raging in Northern Michigan Thursday night, blockading nearly all trains. It is particularly severe in the copper country, where several trains are stalled. Marquette was Thursday night almost completely cut off from the outside world.

## ON THE PACIFIC COAST.

The Worst Wind and Rain Storm in Thirteen Years Prevailed.

San Francisco, March 11.—The worst rain and wind storm in 13 years swept over this city and along the Pacific coast Thursday, doing much damage to shipping and railroads through the state. The storm extended from San Diego to Vancouver island and it is feared that many marine disasters have occurred along the coast. In this city Thursday morning the barometer reached 29.23, the lowest record, and the wind registered a velocity of 48 miles an hour, while at Sacramento a gale of 64 miles per hour was recorded. Telegraph and telephone wires were prostrated in every direction.

## AT THE AGE OF NINETY.

Last But One Surviving Widow of Revolutionary War Soldier Dead.

Knoxville, Tenn., March 11.—A special from Bristol, Tenn., announces the death at Newbern, Va., of Mrs. Rebecca Mayo, aged 90, the last but one surviving widow of a revolutionary war soldier. Mrs. Mayo was married in 1832 to Capt. Stephen Mayo, who was then 76 years old. He died in 1847. Mrs. Esther S. Damon, of Plymouth Union, Vt., is now the sole surviving widow of a revolutionary war soldier.

## Amount of Wheat in Farmers' Hands.

Washington, March 11.—The March report of the bureau of statistics of the department of agriculture shows the amount of wheat remaining in farmers' hands on March 1 to have been about 132,600,000 bushel, or 20.8 per cent. of last year's crop.

## Senator Tillman's Condition.

Washington, March 11.—Senator Tillman's condition continues favorable Thursday night and he is resting easily. If the improvement continues as at present the family hope the senator may take his projected trip south in a few days.

## A Blizzard in Wisconsin.

Superior, Wis., March 11.—Superior experienced another blizzard Thursday and the weather officials say that this point suffered more than any other where the storm struck. The wind is blowing at the rate of 50 miles an hour.

Nephew of Cyrus W. Field Suicides. Pueblo, Colo., March 11.—B. D. Field, a nephew of Cyrus W. Field, who laid the Atlantic cable, committed suicide Thursday by drinking poison.

## THE RACE TROUBLE

Turbulent Spirits Held in Check by the 18 Militia Companies in Springfield.

## NO MORE TROOPS WILL BE NEEDED

Negro Who Was Urging the Blacks to Avenger the Lynching of Dixon Was Arrested.

Whole Families of Negroes Are Still Fleeing and Scores of Undesirable Characters Have Left the City For Good.

Springfield, O., March 11.—The race disturbances which have terrorized the town for the last three days as the result of the murder of Patrolman Collis and the subsequent lynching of the Negro Dixon, who shot Collis, is held well in check by the 18 companies of state militia and the authorities are of the opinion that no more troops will be needed to control the situation.

There are unmistakable signs that there is an ugly feeling on the part of the men and boys who have composed the mobs of the last three days and the authorities realize that at the least provocation trouble might break out again. The burning of a portion of the levee has only partially satisfied the mob, which was thwarted by the militia in its attempt to burn Flickers Nest, a row of buildings formerly occupied by about 50 families but now completely deserted.

Thursday evening the police arrested a Negro, claiming Cincinnati as his home and giving the name of Y. W. Smith. He was accompanied by several strange Negroes, and wherever they could gain an audience of one or more Negroes on the street, they read highly inflammatory typewritten papers urging the Negroes to avenge the lynching of Dixon and to apply the torch to the white business and residence districts in retaliation for the burning of the Negro quarters on the levee. The police, however, do not fear any trouble from native Negroes.

It is the opinion of City Solicitor Tatum neither the city nor county can be held responsible for the burning of the levee district by the mob. It is an admitted fact that while public sentiment is against the means employed to put the Negro out of the way, there is universal rejoicing that he is dead and it is realized that it will be extremely difficult to secure a jury that will assess more than nominal damages, if any at all. While a special grand jury will sit Monday to investigate the lynching, it is thought that it will be impossible to indict either the leaders of the mob which did the lynching or the subsequent burning.

An immense throng of people were in and about St. Raphael's church Thursday morning to attend the funeral services of Charles Collis, the murdered policeman. The entire police force and all the city officials were in attendance. The best order prevailed, and Father Buckley's sermon made no reference to the way in which Collis met his death.

This city is the headquarters of a widely known Negro organization called the "Anti-Mob and Lynch Law association," which has for its object the securing of laws to prevent lynching and in other ways to combat the summary punishment of colored men.

There was no indication at midnight that there would be any further race disturbances in this city growing out of the lynching Monday night. The streets were deserted compared with the last three nights, and there was no demonstration of any kind on the part of the whites or Negroes. Mayor Bowles has issued a proclamation ordering the saloons to remain closed until at least next Monday morning. There are still 18 companies of militia on duty and the authorities will come to some definite conclusion Friday morning with Gov. Herrick in regard to the withdrawal of the troops.

Ohio and Indiana lynchings make the traducers of Kentucky wince and squirm.

THEY are having much sport at the Department of State over an inelastic provision of law which requires that department to compile and issue in a separate volume the statutes enacted at each session of Congress. The special session of last November enacted only one measure, a joint resolution providing for the payment of mileage to the members. This is bound up, however, in a dignified little volume by itself with as much elaboration as if it were a collection of budget bills and general legislation. That simply is a straw that shows what the Republican administration will do when it makes up its mind to get busy on any old subject. It calls an extra session of the Congress and has it in session for a month without a single result. Not one thing of benefit to the people and at a cost to them of over two hundred thousand dollars!

### THE DIFFERENCE.

The Hon. John Sharpe Williams, floor leader of the Democrats in the House of Representatives, in an interview on the lynching and riot at Springfield, O., emphasizes some points that are worth repeating:

"If the Springfield, O., lynching had occurred in the South it would have been indubitable proof of at least some degree of lawlessness. Having happened in Ohio, I suppose it merely argues a short shrift to justice and subsequently to justice attained a little bit by playful arson. By the way, when the people of Mississippi or Texas take a short road to what they momentarily imagine to be justice, they never follow it up by punishing all darkies in sight and burning out the negro parts of the town. When the crime is avenged, whether lawfully or unlawfully, they are satisfied with the destruction of the alleged criminal, and good and innocent darkies are not punished, nor are their homes destroyed on this account."

"There is also this startling difference. When a thing of that sort happens in Ohio we people down South do not indict the whole State nor even the whole community, much less the entire white population; whereas, when a thing identical in character occurs anywhere down South, no matter how aggravated the crime, even though it be accompanied by murder, the people of Ohio have a habit of indicting the entire white population of the entire South for being benighted and barbarous. We know the people of Ohio are highly civilized, despite the appearance of this sort of thing now and then."

### ANOTHER CRACK AT THE CONSTITUTION.

Another step in the exploitation of the Philippine Islands will soon be taken by the Republican administration. The administration, instead of proceeding along constitutional lines in the building of railroads in the insular possessions intends to let out the privilege to capital in this country and guarantee that capital the interest on the investment. In other words, this country is opening places for the investment of capital and guaranteeing to the capital immunity from loss. They propose to authorize the Philippine government to execute a legislative guarantee of 4 per cent. per annum on \$40,000,000 of bonds for railroad construction in those islands, and the bill will be introduced this week. The bill will bar out foreign capital so as to give the capitalists of Wall Street the monopoly of the game. This administration has been persistent in its efforts to get the good people of the country to believe that the Wall Street interests are dead against it, for political reasons and for political effect. Does this move look like it? The administration sells out to the Wall Street sharks and guarantees

them immunity from loss and a sure return on the capital invested and in return they will get a handsome campaign contribution. This is the way the thing looks to a man who is on the inside of things at the national capital.

It has never occurred to these exploiters that this legislation will clearly be unconstitutional. But what is the name of all that stands for graft does the Republican party care about the Constitution? When the Constitution stands in the way of anything Republican wants to do, he simply steps on it and mashes it into the mire. Until the voters of the country realize that they have it in their power to stop this sort of thing it will continue. When will they see the drift and get busy?

### FARM FOR RENT.

On Saturday, March 12th, at 2 p.m. at the court house door in Maysville, Ky., I shall rent to the highest bidder for the term of one year, the W. H. Case farm, situated in the Murphy's six months and remaining one-half in twelve months with good security for payment of rent, \$350 per year.

C. BURGESS TAYLOR, M. C.

Just received two wagon loads of fancy clover seed and one car of fine oats. We sell them cheap as anybody.

#### DEAR CUSTOMER:

Three years ago we anchored here; since then we have given Maysville a dry goods store different from any that had ever existed here. We were trained for an up-to-date dry goods business. We do not claim that all our methods are original for we get ideas from some of the best dry goods stores in the country. We doubt if there is a store in the world the size of ours that stands in with as many large stores as do we. That's to your as well as our advantage. A big store buys a large lot of underwear at a very close price, says to us that we can have what we want of it at cost price. Another store buys a million pounds of writing paper, says to us you can have ten pounds, one hundred pounds or whatever you want at just what it costs us. That's "standing in," do you get the idea? Saturday the C. and O. freight office telephoned us that one hundred cases, carpets, etc., (about 20,000 pounds) have arrived. We will open them this week. Good things, that's sure. Come every day, for every day will be opening day. Our Mr. A. L. Merz telegraphed that an offer he had made on a large lot of goods had been accepted. Prepare for a big sale—when the goods come you will hear from us. And now before closing we want to say one word about Globe Stamps. Don't for one minute think we give them to you because we are GENEROUS—no, it's a cold business proposition—we give them to make cash trade. Most houses we buy goods from say you can have so much time, but we will give you a per cent. off for cash. That's what we say—stamps for cash. Some stores say they won't give stamps—they would have to mark their goods higher. We are wondering if they did. We don't. Sincerely yours, MERZ BROS. P. S.—Forgot to say that our Muslin Underwear Sale will continue one week.

We do not have to say it ourselves. Others say it for us that there are few stores in the largest of cities that excel us in the line of Gentlemen's Furnishing Goods that we carry.

For this coming season our ambition to cater from the medium to the very choicest of trade has induced us to put in lines of Shirts, Neckwear, Halfhose and Hats of higher quality than we have ever had in stock. WE WANT YOU TO SEE THEM.

## CHILDREN'S CLOTHING

To the mothers who are just a little more than particular about their children's outfit we want to say that as soon as the weather gets right for the little fellows spring suits to come and see the new line of ultra fashionable Children's Suits that we have brought on for this spring's trade, and prices fully 20 per cent. less than what you would pay for them away from home.

We respectfully solicit an examination of these goods.

### THE NEW CENTRAL.

Handsome Improvements Made to Maysville's Popular Hotel.

Meers, Fitzgerald, Daugherty and Sammons have just completed some handsome alterations and improvements to Maysville's popular hotel,—the New Central.

As stated some weeks ago the hotel company has leased the three story brick building adjoining on the south and an arched doorway connecting the two buildings has since been put in. The saloon formerly in the rear of the hotel office has been removed to the first floor of the leased building, where the patrons of the bar will find the most elegantly furnished sample rooms in the city. The clerk's desk and office has been moved back, occupying the space formerly occupied by the saloon. This enlarges the hotel lobby and gives the office not only abundance of room but plenty light and every convenience. The second and third floors of the leased building have been fitted up as sleeping apartments, giving the hotel eight additional bed rooms.

The decorations throughout, including the dining room, are beautiful, a handsome design with pretty floral trimmings being used.

The improvements add greatly to the equipment and convenience of the hotel and will enable the company to better accommodate the large patronage the New Central enjoys.

### PENNSYLVANIA MINERS.

The Officials Urge the Acceptance of the Operators' Ultimatum.

Pittsburg, Pa., March 11.—Patrick Oolan, president; Uriah Bellingham, vice president, and William Dodds, secretary-treasurer, officials of the United Mine Workers of Pittsburg district, joined Thursday in signing and sending to all the miners in the district a circular letter endorsing the recommendation of the national officials and urging the men to vote for the acceptance of the operators' ultimatum. They say they would rather give other advice if they could see any chance of the miners getting last year's scale by a strike, but "strike means defeat and demoralization."

### GOV. CUMMINS' MESSAGE.

He Calls Attention to a Defect in the Iowa Laws.

Des Moines, Ia., March 11.—Gov. Cummins Thursday sent to the legislature a message in which he called attention to the fact that under the present laws of Iowa it is impossible to extradite from this state into another a person charged with murder by sending poisoned candy through the mails as in the case of Mrs. Sherman Dye, of Boone, who has been released.

He urged the legislature to remedy the omission and make it possible for the governor to honor a requisition from another state for a person who is not a fugitive from justice.

### STEAMER BURNED.

The Sunshine Destroyed and One Deck Hand Is Missing.

Cairo, Ill., March 11.—The steamer Sunshine burned to the water's edge at Burrus landing, which is about 100 miles below Cairo, and near Tiptonville, at 8 o'clock Thursday morning. The entire passenger list and the crew with the exception of one colored deck hand are safe and are now at Tiptonville.

The missing deck hand is supposed to have been drowned.

The fire originated in the engine room and the flames spread rapidly. The boat had a big freight trip.

Russian Torpedo Boat Lost.

She visited Mrs. Wilson the past year and made many friends who will regret to learn of her death, and who tender sincere sympathy to Mrs. Wilson in her bereavement. The interment was in Clay City, Illinois.

Charles Bolen, hailing from Newport, struck the town Wednesday afternoon and after loading up on Maysville liquor proceeded to have what he called "a good time." He tried to force his way into a Wall street residence, but the occupants remonstrated, and when Policeman Senteney arrived on the scene a little later, Bolen was in the street standing off a crowd by telling them what a bad man he was. The appearance of the officer, however, took all the fight out of Bolen, and he was landed in jail. Thursday he pleaded guilty in the Police Court and was taxed \$3 and costs, \$8.50 in all for his fun.
